DISPATCHES TO THE OREGONIAN.

DATES TO OCTOBER 15.

LATER ELECTION RETURNS!

CONFIRMATORY DISPATCHES!!

EVERYTHING REPUBLICAN.

BACK SEATS FOR REBELS AND DEMOCRATS!

The Nation Votes for Peace!

Indiana all Right

INDIANAPOLIS, Oct. 14.—Both parties now concede the election of the Republican State ticket by from 2,000 to 3,000 majority. The Democrats have three Congressmen and the Republicans have a majority in both branches of the Legislature.

The Result in Pennsylvania.

PHILADELPHIA, Oct. 14.—The table of the estimated and reported Republican majorities in all counties of Pennsylvania foots up 13,000. It will probably be increased.

The *Press* says the following Republican Congressmen are elected: O'Neill, Kelly, Townsend, Dickey, Cake, Mercer, Packer, Cessna, Morrell, Armstrong, Schofield, Gilfillan, Negley, Phelps and Donley. The Democrats elect Randall, Moffatt, Reading, Stiles, Getz, Van Auken, Woodward and one other, meaning Foster, Covode's opponent in the Twenty-first District. The result in Covode's district is still doubtful. His election is claimed by 400.

The Democrats carried the whole city ticket. The Council will be largely Republican in both branches.

CHICAGO, Oct. 14, 11 P. M.—Detailed returns of the elections are still being received, but nothing changes the results already telegraphed.

Relations with Spain.

WASHINGTON, Oct. 14.—An official correspondence through the cable between Minister Hale and Secretary Seward, relative to the recognition of the new Government of Spain, is published to-day. The main facts have already been given to the public.

Johnson's Tool, Blackley

NEW YORK, Oct. 14.—The Congressional Committee on Retrenchment having waited two days for Blackley's appearance before them, found he had left the city. It is said he refused to answer questions put by the committee on the ground that he would compromise the President.

The well known sexton Brown, of Grace Church, has left the choir on account of some disagreement with the new Rector, in reference to the performance of operatic music by the choir.

Democratic Rioting in Philadelphia.

PHILADELPHIA, Oct. 14.—The policeman Young, who was wounded in a row last night, died to-day. There were forty two arrests for rioting and illegal voting by the Mayor's police. Perkins, the lad shot yesterday by Deputy Sheriff Flannagan, died to day. This is the fourth death from rows yesterday.

From Boston

BOSTON, Oct. 14.—Addison Gage, a well known merchant, died today.

The Democrats have nominated Otis P. Lord for Congress in the Fifth District, and Leverett Saltonstall in the Seventh District.

Dispatch from Norfolk.

NORFOLK, VA., Oct. 14.—An immense excitement occurred to-day, consequent upon the meeting of the Commercial Convention. Twenty five hundred delegates arrived and were met by a Committee of citizens and escorted to hotels and private residences.

More Election News

PHILADELPHIA, Oct. 14.—The *Press* says the Democrats have polled 10,000 illegal votes, and that Myers and all the candidates for city offices will successfully contest the election. The last estimates give the Republican majority at 12,000 in Pennsylvania, and about 20,000 in Ohio.

CHICAGO, Oct. 15.—The election news is still incomplete in Pennsylvania. Covode and Taylor hitherto doubtful, are apparently elected to Congress. Myers is beaten in Philadelphia by 100 majority, but will contest the election on the ground of fraud. Ashley is pretty certainly defeated for Congress, but the vote is close. In Indiana, both parties still claim the State. The official vote will probably be received to settle the question.

A special to the *Times* says Julian (Rep.) is probably defeated and both will possibly claim the election. Niblack, Kerr, Holman and Voorhees (Dem.) are certain. On the other hand, dispatches to the *Tribune* say the Republicans claim the election of the Republican State ticket by 1,600. They say that Voorhees' election, if he be elected, which is doubtful, will be contested on the ground of fraud.

Miscellaneous.

NEW YORK, Oct. 15.—The popular actor, J. H. Brougham, has been naturalized. He declared his intention 18 years ago, but has just taken out his final papers.

CHICAGO, Oct. 15.—The Chicago and Rock Island railroad is completed to a point 60 miles west of Desmoines, Iowa.

BY ATLANTIC CABLE.

LONDON, Oct. 14.—The report of the Coronation of Gobazey as Emperor of Abyssinia is confirmed. He is supported by Prince Kassai, but opposed by the oldest son of the late King Theodorus.

Dispatches from India report the civil war in Northern Affghanistan at an end. Esham Shat, who contested the power of the Emir of Cabul having tried to establish his claims and fled to Bokhara.

LONDON, Oct. 14.—Dispatches from Spain say that the Bishops have pronounced against the provisional junta.

PARIS, Oct. 14.—Menabrea, Italian Prime Minister, is said to be in this city on a special mission in regard to Rome.

LIVERPOOL, Oct. 14.—Gladstone addressed a political meeting to night. He charged the government with being responsible for the unnecessary increase in the expenditures, and urged the disestablishment of the civil church.

NEW YORK, Oct. 15.—The *Herald's* special from London says the naturalization treaty negotiations which are being conducted between Minister Johnson and Lord Stanley, are progressing in a favorable manner. The decision held by the United States with respect to the acquisition of citizenship, domestic and transferred allegiance by foreigners previous and since the war of 1812, has been fully maintained by Mr Johnson in shaping the new naturalization bill, the work of which has just been completed. Lord Stanley and Johnson are now engaged in the consideration of the *Alabama* claims, which are pretty certain to be arranged soon, subject, of course, to the ratification of the legislative bodies and the approval of the two countries.

Minister Burlingame, representing the Emperor of China, makes friends personally and for his mission daily. The attacks made by a portion of the London press on the China American treaty and the objects of the embassy generally have ceased. New dispatches received from all parts of Europe convey the pleasant intelligence that the Burlingame embassy is fully appreciated, and that its mission will receive a hearty ... not ... unanimity at the different courts, but from the most ... titles. Dispatches from Naples represent that the volcanic movement in Mount Vesuvius has become more intense and violent and sends forth copious streams of lava.

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, Oct. 15.—Peter Joahn, a Swede, attempted to commit suicide by taking morphine and laudanum. He was rescued.

A negro named Alexander Wilkins last night attempted to cut the throat of Priscilla Wilkins, a wench who had formerly been his mistress. She received several severe wounds and is in a bad condition.

The prosecution against Capt Harrison of the bark *Jenny Berteaux*, for smuggling, has been dismissed.

An affray occurred last night, at the Occidental Hotel between Capt. Morrow and B. McNelly, in which knives were drawn by both parties, but not used. The fight terminated by McNelly throwing an oyster at his opponent's head. ... politics and small pox.

The whaling bark *Marmaduke* arrived in the harbor last night from a cruise in the Northern sea. She reports a bark which left Callao with 600 coolies on board, carrying $25,000 treasure, destined to some plantation (place unknown). On the first day out the coolies killed all hands except the owner of the plantation and servant. Being unable to navigate the vessel they sailed and drifted about and finally brought up in the Okhotsk sea, where they landed and the owner and servant effected their escape.

S. W. Fry has commenced suit against J. W. Gashwiler to recover $50,000 damages for alleged malicious prosecution.

J. D. McMickle, steward of the *Nebraska*, has been arrested for beating a seaman with an iron bar.

The driver of No. 6 Engine, while going to a fire on Bryant street last night, was thrown from his seat, causing several bad bruises.

A grand mass meeting of Union Republicans will be held this evening at Platt's Hall, to be addressed by C. C. Coffin and Gen. G. P. Gooding. In the Fourth ward a flag will be presented by Union ladies to the Grant and Colfax Club.

The Grand Lodge of Free and Accepted Masons were called to order at one o'clock to-day. The Grand Orator, John B. Felton, delivered his oration.

LUNATIC ASYLUM

As was expected, by those who know that Dr Hawthorne was one of the owners of the *Herald* with which its editor, Brown, has boarded since he became insane, the editor has at last come to the rescue of his patrons and is defending Loryea and Hawthorne in their efforts to further plunder and impoverish the State by another fat contract to keep the insane.

The *Herald* says that the contract ought to be let to H. & L. at $7 a week, and gives as a reason that, according to his garbled figures, furnished by Loryea, at the New York State Asylum patients are kept at $8 50 a week. Admitting that to be true payments are made in greenbacks, which at coin rates, make the price than more thirty per cent. less than H. & L.'s bid. Again, provisions are much cheaper here than in New York. But the writer would like to know *where* the "New York State Asylum" is located. Members of the Legislature would like to see a report from it. Please send it up, Mr Brown. There is an institution at Utica, New York, where patients are kept $6 per week in currency, equal to $4 20 in coin. The less, then, that he says about New York the better it will be for the men that feed him. The *Herald* admits that in Kentucky patients are kept for $6 66 a week, equal to $4 66 in coin, yet it wants H. & L. to have $7 a week in coin, where provisions cost only two-thirds as much as they do in Kentucky.

The *Herald* also admits that the insane are kept in California at a little over $4 a week. The only way the editor can make that price look consistent with the idea of H. & L. receiving $7 a week is by pitching into the manner that patients are kept. Who ever heard before that the insane are not better cared for in California than in Oregon?

The *Herald* further says that the Oregon Asylum "in its appointments and management has no superior." I venture the assertion no man who has ever been in our Asylum ever made any such assertion. On the contrary, there is abundance of evidence here showing that the inmates of the Oregon Asylum sleep on straw beds under gray blankets and have no sheets, neither are they furnished any butter or delicacies such as they ought to receive or have been accustomed to receive at home. They do not receive any better food than is given to convicts in the penitentiary, who according to official reports are kept at a price varying from 15 to 23 cents a day. Under H. & L.'s "*superior*" system, the percentage of cures ought to be greater than in other States, while in fact the percentage of cures under this *straw bed* and *no butter* management is *less* than in other States, as shown by the reports in the State Department. Again, it is well known that the asylum has been neglected by the proprietors, who have been absent for months at a time on railroad and mining speculations. Some of the time both have been absent at the same time, and neither of them reside at the institution. Dr Loryea, at the beginning of the session as he did two years, came up here, rented a room, had his kegs of whisky rolled in and opened out to "bum" his contract through, and it has been headquarters for that class of men which he said two years ago he could control if they would drink. But it is said to the credit of the members there are not many of that class, and his *whisky shop* and *cigar stand* has done no injury. Hawthorne has seen it and sent Loryea away, and in his stead got Kenworthy, one of his employees up here to assist him. The last dodge is to make the members believe that the site selected for an asylum here is too low and can't be drained, while in truth it is more than a hundred feet higher than the main street in Salem and there is fall sufficient in the stream that passes through the land to run three miles, which are in operation within a half mile of the grounds.

Yours, etc.,

JUSTICE

SALEM, Oct. 13, 1868

The future management of the insane is the most important matter before the Legislature, as one half of the State taxes during the last two years have gone to enrich Hawthorne & Loryea, and the percentage of *cures* effected by them is below the average in other States. As reports from other States are being exhibited, showing how Oregon has been fleeced, the members are waking up to the subject and beginning to act. The committee of the Senate to whom was referred the subject, reported in favor of Hawthorne & Loryea, as was expected when matters were so manipulated as to place Hendershott as Chairman of the committee, but the Senate was not satisfied and made the Chairman come out with the other propositions to keep the insane, of which there were a number, and each better than the one submitted by H. & L.

The plan that meets the most favor is one submitted by Drs Carpenter and McAfee, to keep the patients for 65 cents per day, after buildings are erected on the ground owned by the State. Mr Miller proposes to build a good wooden building for $6,400 and give bonds to have it completed by the time the present contract expires. If that reasonable bid is accepted, Drs C. & M. can put the patients into this building and care for them there under their bid, or some of the many doctors here can be employed by the year to *run* the institution for a salary, which is a better way.

Dr Sharples' proposition to take the insane for eight years, for $8 per week and leave them in a commodious brick building, to be thereafter the property of the State, is much better than the proposal of H. & L., and meets some favor.

There is another class of the *unterrified* who think Marion county too *black* to be a suitable place for the Capital and join with Loryea in condemning the site as unsuitable for an asylum or penitentiary. Again, the Salem Woolen Co now think they let a bird go when they sold a good mill site to the State and made it possible for the State to compete with them in furnishing water to the city from Santiam river. The State lands are more than 80 feet above Main street and no one can compete with the company if they buy the State lands, through which the water passes. Miller of Jackson, brother of Gen. John F., has reported that the land had *better be sold*.

The land was selected and bought by the Rev Mr Atkinson, John Moores and A. C. R. Shaw three years ago, by authority of the Legislature. It is a good location, the best that could be got near Salem, and the only one where a water power can be had or where a sufficient quantity of good water can be obtained. And these two considerations are of the utmost importance, and should not be overlooked to further enrich any set of men or advance the interests of any political party, nor to gratify the party spleen of a few seven by nine party tricksters. As the *Herald* has become the defender of H. & L., who feed the editor, and own the paper in part, at least, I call attention to the following facts taken from reports on file in the Secretary's office, to show the rottenness of the present contract system and its defenders.

The official reports in the following States show the expense of keeping the insane and idiotic to be as follows: Wisconsin, per week, $3 37½; Butler Hospital, Rhode Island, per week, $6; Ohio Lunatic Asylum, as per report of 1868, $4. The report from the State of Maine for 1867, includes a tabular statement of weekly expenses beginning with the year 18.. and ending with 1867. In that time the lowest weekly expense for any year was $2 01 and the highest price, $3 63. And this report includes the board of officers and attendants.

The State Lunatic Asylum at Milledgeville, Georgia, costs each patient per week, $3 55; the Retreat, New Haven, $5; Ohio State Asylum for Idiots $3 83; State of Nebraska Asylum, $4 75.

In Massachusetts there are a number of State hospitals and asylums. Under date of March 2, 1868, the Secretary of State reports as follows: "The cost at Ipswich Receptical is $2 75 to $3 per week; at the South Boston Asylum, $3 75 to $4 per week; at the Town Almshouse or other places not stated above it averages nearly $2 50 per week."

The weekly cost of keeping the inmates of the following institutions is taken from page 71 of the annual report of the Board of State Charities, for 1868, as follows:

Worcester Hospital, per week	$4 40
Taunton Hospital	3 80
Northampton Hospital	3 80
Tewksbury Almshouse	1 71
Monson Almshouse	1 68
Bridgewater Almshouse	2 08
Westborough School	3 66
Lancaster School	3 33
School Ships	3 70

The following is taken from page 7 of the report of the State Lunatic Hospital of Pennsylvania for 1863: "The average annual cost for the board, medical attendance and clothing of each patient, for a period of twelve years, has been $232," or $4 46 per week each.

The Indiana Hospital for the Insane, as per report of 1866, is, per week, $3 92. The Central Ohio Lunatic Asylum, as per report of 1860, per week, $2 72; report of 1862, $2 90; report of 1863, $2 24; report of 1864, $2 92. The foregoing ... are all in *currency*, and there is no place in the United States where provisions are cheaper than in Oregon. The true interests of the State demand that the insane should be placed under the immediate control of the State, and that the ruinous and unjust contract system be at once and forever abolished.

JUSTICE.

An Oregon Statesman.

[From the Sacramento Union.]

One Chapman, of the Oregon Assembly, has introduced a bill which is designed as a ... on the Chinese. It provides that no Chinaman shall engage in any business in that State without first taking out a license in the county where he works, for which he shall pay $15 per month. If anybody violates this he is to be fined and imprisoned, and whoever employs a Chinaman coming without such license shall be liable for the amount and pay a fine besides. Vessels bringing Chinese emigrants must pay $10 a head ... landing them, under heavy penalty for neglect to pay. It also provides that no Chinaman shall be employed on the public works of the State; that no officer shall administer the oath of naturalization to a Chinaman under penalty of being forever disqualified from holding office in the State; and that no Chinaman shall travel for pleasure or profit within the sacred domain of the Web-foot without a certificate of good moral character. If Chapman can get this bill through he will ... the great Mogul of the Democratic party, and if he don't like the climate of Tillamook, we advise him by all means to come down to this latitude and run for Chief of Police of San Francisco. It does not make any difference that his propositions are in plain conflict with and defiance of the Federal laws and Federal powers, or that they are destitute of common sense or common honesty; these defects will indeed make them all the more popular with the rebel wing and with the ignorant proletaires. No character ... these classes so well as your ignorant, dashing, sincere fool, whose head and heart have room for but one sentiment, and that the meanest and ... barbarous imaginable; and we think the Oregon statesman just about fills the bill. He is much needed in San Francisco, where the more ignorant and prejudiced class of foreign ... Democratic politicians have ... to some ... demoralized by contact with civilization.

The [illegible]

FRIDAY EVENING [illegible]

NATIONAL UNION NOMINATIONS.

For President:

U. S. GRANT,

OF ILLINOIS.

For Vice President

SCHUYLER COLFAX,

OF INDIANA.

For Presidential Electors:

D. JACOBS, of [illegible]
WILSON BOWLBY, of Washington.
A. B. MEACHAM, of Umatilla.

The Victory.

Last year Pennsylvania gave about [illegible] Democratic majority. She now gives from 12,000 to 15,000 Republican. In 1866 the Republicans carried the State by 17,000, but over 6000 of this majority was gained in Philadelphia alone. Now Philadelphia goes Democratic by 1,000. This result is attributable to fraudulent naturalizations, to the importation of Democratic "plug uglies" from Baltimore and to the action of the administration at Washington in stocking the Government navy yards and other public works at Philadelphia with voting cattle to support the Democratic ticket. Five or six thousand men are constantly in Government employ in that city, and it is well known that all who would not sell their manhood have been dismissed and their places supplied by willing tools of the Copperheads. These facts account for the change in Philadelphia. But though the Republicans have lost heavily in that city they have made great gains in the interior. They elected two thirds of the Congressmen in the State, have obtained a majority in the Legislature, and thus secured a Republican United States Senator in place of Buckalew, Democrat, whose term expires next March; and further, have demonstrated their ability to carry the State for Grant and Colfax in November by at least 20,000 majority.

In Ohio we certainly have 20,000 majority, which for the present, is quite enough. Last year the State gave a Republican majority of 2,983, but elected a Democratic Legislature. The gains in Ohio are therefore very satisfactory. We have more than two thirds of the Congressmen in the State—quite as many as we want. Ohio will give not less than 30,000 majority for Grant and Colfax.

The contest in Indiana on the State ticket is close, but it is close because that State has been heavily colonized with Kentucky rebels. The telegraph informs us that "the Southern counties of Indiana show large Democratic gains"—thus confirming the statements which have been frequently made during the last two months, that the Kentucky rebels were colonizing there. But we have elected two thirds of the Congressmen in the State, and have a majority in the Legislature, which secures a Republican United States Senator to succeed Hendricks, Democrat, who goes out next March. Indiana is perfectly sure for Grant in November, for the Kentucky rebels will be rigorously watched.

Little Nebraska has also done nobly. In that State we save our Senator, Congressman and State officers. The general result of the elections, beginning with that in Vermont and ending with those in the States which voted last Tuesday, is conclusive of an overwhelming triumph for Grant and Colfax in November.

A Mournful Procession.

The *Herald* exhorts as follows:

> Let the Democracy of Oregon look out for their laurels. This was the first State to achieve a Democratic victory in the present campaign. It now leads the Democratic van, and cannot afford to lose its prestige by any falling off of its majority. We must work not only for a victory but to maintain our position at the head of the Democratic column.

Truly it is time for "the Democracy of Oregon to look out for their laurels." As this was "the first State to achieve a Democratic victory in the present campaign," so it will be the last. If Oregon now "leads the Democratic van," will the *Herald* tell its people what States make up the body of the column? And suppose this State should "maintain its position at the head of the Democratic column," what State would bring up the rear? Kentucky, perhaps. Then Oregon and Kentucky would form this glorious Democratic column, only their positions would be reversed—Kentucky leading the van and Oregon following after. Thus Oregon would be essentially the tail of the rebel kite. The Union [illegible] the State will protest against this. And what is more, they mean to prevent it. Think of Oregon being in such a shameful position! Let us prevent the further soiling of Oregon's name!

Great Union Meeting.

Last night there was a splendid gathering of the Union people of this city to celebrate the late glorious achievements of our party in the East. The assemblage was very large, completely filling the Court House Hall, while many were unable to gain admittance for want of room. Senator Williams delivered a speech which was positively electrical. He was followed by Capt. Weldy and J. F. Caples, Esq. The number in attendance and the enthusiasm which was exhibited evince the deep interest which the Republicans of Portland are taking in the campaign. Let our friends everywhere wake up! Let us all do our duty and [illegible] Oregon!

OBEYS HIS FATHER'S WORDS.—Robert M. Douglas, son of the late Stephen A. Douglas, delivered a stirring speech in Raleigh, (N. C.) on the 30th September, which is published in all the Eastern journals. Speaking of the fact that the supporters of Seymour and Blair bore his father's name on a transparency in Raleigh a few days previously, he said: "While gazing upon that name I remember the time when these same men declared him a traitor to every principle of honor because he preferred his country to his party, when they bitterly denounced him for his efforts in rallying the people of the West for the defense of the Union. I remember these facts when I am declared a degenerate son, and for every quotation they give me from his speeches, I will give them a dozen. When *The Sentinel* parades a a nonsense concerning a white man's Government I would remind them of his dying words. When the wife bent over the scarce breathing form of the expiring statesman, and asked if he had no message to send to his children, 'Tell them,' said he in a voice almost inaudible by the near approach of death, 'to obey and support the Constitution and the laws of the land.' This solemn injunction I intend to obey."

What great fools and simpletons the Ku Klux majority in the Oregon Legislature are making of themselves in trying to demolish a part of the Constitution of the United States. The answer of the nation to the programme of rebels and [illegible] their [illegible] were in the [illegible] in the [illegible] ern States.

A Democratic member of the Legislature wants that body when [illegible] understanding that [illegible] M[illegible]. He probably wants to "put [illegible] in an attitude of defense, so as to prevent the sisters of Democrats from being compelled to "marry niggers."

Make Oregon Right Again.

No one doubts that Grant and Colfax will be elected by a tremendous majority. Opposition to them from this time becomes entirely useless. The canvass on the part of the Democrats, if kept up at all, will go on feebly and merely as a matter of form, uninspired by a particle of enthusiasm or a ray of hope. It is not necessary to inquire what particular States are sure for one party or the other so as to arrive at a conclusion as to how large the Union majority in the electoral vote will be. It is reduced to a certainty that Grant and Colfax will have at least three fourths of the whole. Under this state of facts it becomes important to inquire at once what Oregon is going to do. Is our State to stand in the proud array, side by side with her loyal sisters, and thus be in sympathy with the great heart of the nation, or is she to stand aloof, looking sullenly on a triumph she is unable to prevent, and maintaining a position which must cause her to forfeit the respect, confidence and support of the great party of loyalty and freedom which is to continue to wield the destinies of the country it has preserved?

What has Oregon to achieve or hope for, by giving her vote to the candidates of the seven times condemned Democratic party? That party is, and will forever be, utterly powerless to advance her interests or lead her in a career of honor and prosperity. The Republicans will have complete control every department of the Government for years to come. As the party of the Union and of freedom they are the guardians of the country's fame, the leaders of its ideas, the controllers of its destinies. Theirs are the most glorious pages of our country's history. The principles of the Republican party are now permanently established as the basis on which the country is to stand. These principles are intrenched in the Constitution itself, and the people reassert that what has been done has been done well, and shall not be overthrown.

If Oregon chooses to stand with poor, rebel ridden Kentucky, the only State which is sure for the Democratic party, she must be prepared for the consequences of so great an act of folly. She cannot expect that sympathy and support which she will surely receive if she shapes her course in accordance with the policy of the nation. This is no time for retrogression. The reactionary policy which the Democratic party demands will be, if we adhere to it, our shame and disgrace. Our State has been brought already into contempt abroad by the unspeakably foolish conduct of the Legislature. Think of Oregon nullifying a part of the National Constitution and raising her puny arm to reverse the glorious results of the war, when every one of the mighty States of the Union is declaring that these achievements and results, cemented as they are by the country's best and noblest blood, shall never be disturbed by disloyal or sacrilegious hands! What folly could be ranker than for Oregon to persist in the course which she has so unfortunately begun?

Republicans! Union men! You have it in your power to put Oregon right again on the record. It should be your pride, as it is clearly your duty, to do it. Make it your business to work as you have never worked before. Look after doubtful voters. A change of a few hundred will reverse the decision of last June. If every Union man will but realize that something depends on his own personal efforts, and work accordingly, we shall surely succeed.

Can't Beriah give a leader on the unconstitutionality of the reconstruction Acts? It would be so effective just at this particular time.

LETTERS FROM THE CAPITAL.

SALEM, Wednesday, Oct. 14, 1868.

THE RAMPAGE RECEIVES A CHECK.

Some days ago a resolution was offered by a Democrat, and adopted, instructing the Committee on Military Affairs to enquire into the expediency of abolishing the office of Adjutant General. This was in the House. Before the Committee had time to make report, however, the Society of "Smart Alecks," concluding to act upon the matter without inquiry and upon the general principle that a Republican is never amiss, introduced a bill amending the militia law so as to dispense with the office of Adjutant General and directing the present Adjutant to turn everything over to to the Secretary of State. This morning Mr. Smith, of Jackson, Chairman of the Military Committee, submitted a report that it is impracticable and that the military tax is not too high. Mr. Smith has had some experience in military matters, I believe, and appreciates the necessity of the office of Adjutant General as well as the policy of having an organized State militia. He is a Radical Democrat, but not one of the crazy headed sort who seem to have no policy except to undo whatever the Republicans have done, no matter whether right or wrong, and his report falls like a very wet and cold blanket upon the young, over zealous members of the "Smart Aleck" Society.

PENITENTIARY.

The Special Committee of the House on the Penitentiary filed in the House, this morning, a duplicate of the report submitted to the Senate yesterday, in relation to the disposal of the present site and purchase of another. The consideration of the report was made the special order for Friday next. A considerable number of members of the House and Senate visited the Penitentiary and Asylum grounds during the afternoon for the purpose of satisfying themselves as to the eligibility of the locations.

NEW BILLS.

Mr. Smith introduced a bill providing for the purchase by the United States of lands within this State. Mr. Alexander, of Linn, introduced a bill to appropriate $200,000 to aid in the construction of a canal and locks around the falls at Oregon City. Ordered printed. Mr. Chapman introduced the following resolution:

"Whereas, grave questions must arise in the administration of the government of this State which cannot be disposed of during the present short session: therefore,

"*Resolved*, That it is expedient that when the constitutional term for this session expire the Assembly should adjourn to the first day of March next."

Ordered printed. Mr. Bellinger—a bill for relief of B. F. Bonham, appropriates $543 57 for services as librarian some eight or ten years since. Gray—a bill exempting farmers from paying poll tax. Tandy—a bill relating to proceedings in Justices courts. Johnson—a bill requiring railroad companies to build fences on each side of their lines. Rinehart—a bill for relief of Union county—remitting $4,902 due the State. Bellinger—a bill to amend the law relating to collection of taxes. Winston—House joint resolution relating to improvement of Willamet river from Clackamas Rapids to Corvallis. Benson—a bill to drain and improve the school lands located in Grand Ronde valley. Cox tried to get his divorce bill up again and succeeded, but the attempt to pass it was abortive. Bellinger offered a resolution instructing the Committee on Commerce to inquire whether vessels owned in Oregon are required to pay pilot fees. Gilfrey—a bill to pay $103 80, costs in the Benton county contested case.

IN THE SENATE.

Mr. Adams presented a memorial asking Congress to make an appropriation for a wagon road [illegible] the Willamette valley with Tillamook [illegible]. Adopted.

Mr. [illegible] reported against the petition of [illegible] for relief, and to refuse the amount of relief to A. J. Moody, Sheriff of Coos County.

The following new bills were introduced:

[illegible] to provide that embezzlement [illegible] shall be punished as larceny. [illegible] enlarging the jurisdiction of Justices of Peace to $250.

Ford—a bill providing for the appointment of Justices of the Peace in certain cases.

Pershbaker—a bill to change the [illegible] of [illegible] county.

Mr. [illegible] introduced a bill appropriating $[illegible] for relief of [illegible].

[illegible] a bill to regulate steam ferries and fix rates of ferriage.

[illegible] the Senate resolved itself into Committee of the Whole on the report [illegible] keeping the insane [illegible] the committee refused to adopt the report of the special committee in favor of Hawthorne & Loryea. To-day Miller [illegible] for which prevailed. [illegible] being in the [illegible] Mr. Miller [illegible]. The chairman [illegible] report Miller objected and the chair was sustained. Mr. Adams moved to strike out the names of Hawthorne & Loryea and to insert the names of Cox & Wilson. On this motion Mr. Adams spoke in favor of the third proposition submitted by Cox & Wilson. Mr. Bayley and Mr. Herman favored the proposition of Dr. Sharples. Pending the motion to amend the committee rose, reported, asked and obtained leave to sit again to-morrow at 2 o'clock. The Senate then adjourned.

THE RAILROAD WRANGLE.

The railroad question is the special order for Saturday. As to-day approaches the [illegible] should appear. My belief is that the matter will be left by the Legislature about where they found it. The Senate is understood to have a majority for the West Side and I think it certain that the House has a majority for the East Side. If this proves true the railroad contest is at a dead lock so far as practical results are concerned.

THE INSANE ASYLUM MUDDLE.

The various propositions to keep the insane have worked this matter into a great muddle and I think if the Legislature will agree on any of the propositions. If not the insane will be left, of course with Hawthorne & Loryea, at the prices of the present contract. It is not clear but that this [illegible] being played by the [illegible] Hawthorne & Loryea.

Railroad Communication.

EDITOR [illegible]: Through the columns of the [illegible] series of articles [illegible] wholesale charges against the Oregon Central Railroad Company of Salem, known as the East Side [illegible] of the East Side road. And first as the facts may not be as well known in other portions of the State as they are in Portland, and in order that the public may judge of the animus of the articles [illegible] and the credit to be given to the statements contained in them, I desire to state that the [illegible] is the organ of the West Side Railroad, that it was established for that purpose, and that the capital for that purpose was furnished by persons in the interest of and connected with the West Side company, and who are [illegible] holders of the Oregon Steam Navigation Company. It is further well known that the articles in question were not written by the ostensible editor of that paper, but by persons in the employ of the West Side Company, so that the ostensible editor of the [illegible] instead of being actuated by a desire to promote the public good and advance the interests of the city of Portland and the State of Oregon, works only for the interests of his masters, and publishes whatever they dictate, because, as I have said before, that is the purpose for which the paper is published. As [illegible] matter should be understood to enable the public to place a proper estimate upon these articles. From the allusion to "one of our citizens" and certain statements that are made [illegible] it is apparent that one A. M. Loryea furnished the [illegible] facts (falsehoods) from which the articles in question are written. When did this [illegible] citizen ascertain that "A. J. Cook & Co." were a "myth?" Was it when he was writing his [illegible] and self [illegible] letters from the East concerning the almost incredible things he was doing for Oregon and the East Side Railroad? Was it when he announced from Salt Lake City with "a flourish of trumpets" that he had arrived with the capitalists?" Was it at any time prior to the meeting of the Legislature? Was it at any time before his services and influence with that body became too valuable (in his own estimation) to be retained by A. J. Cook & Co., and he, with an eye to business, was obliged to look elsewhere? But the truth is A. J. Cook & Co. were no myth. The statement that they were is made apparently upon the authority of Loryea, and every one else connected with the East Side company know all about A. J. Cook & Co., and who the individual members of the company were and where they resided from the beginning and before ground was broken for the East side, and before [illegible] Loryea, went seeking "the shallow in the public places in the East." If this alone were not sufficient to brand this charge with falsehood, the fact that A. J. Cook & Co. have expended $[illegible],000 in grading their road ought to be a conclusive refutation of the charge that A. J. Cook & Co. were a myth. Again evidence of the *bona fide* existence of said firm, sufficient to satisfy every one so far whose business it has been to examine can at any time be seen, and inspected by any person who proposes to do anything to aid in the construction of the East side road. Before leaving this part of the subject, will the *Commercial* inform the public what difference it makes to the people of Oregon whether what A. J. Cook & Co. are or were, so long as they build the road, or how that company figures in the matter, it now being admitted that Ben Holladay & Co. (the present contractors), are no myth, and are amply good for all they undertake?

Many other charges were contained in the article referred to, but I will not trespass upon your space to notice them all in detail. The conclusion of the whole appears to be that A. J. Cook & Co. were to have and Ben Holladay & Co. will have (if they obtain the land grant of July 25, 1866) a "good thing", somebody was and is to make money. Let me propound a mathematical question to the Editor of the *Commercial*. If the East side company or contractors for the construction of the East side road can build a railroad and make their thousands out of the land grant alone how much can Gaston & Co. make out of the land grant, the $250,000 bonds on which interest is to be paid for twenty years by the city of Portland, the $75,000 of Washington county bonds, the $75,000 of Yamhill county bonds and large donations, generously though blindly made by the citizens of Oregon, to the West side? If the *Commercial* will answer this question and then tell us about two and a half millions of *unaccessible* stock in the West side company held by Gaston, perhaps the people can determine whether they are in favor of the East side railroad being built by the aid of the land grant alone, or whether they prefer to build the West side railroad by public or private donations, and have it held and owned by Gaston & Co., and then give them the land grant beside.

JUSTICE.

Grant and the Israelites.

[From the Jewish Messenger.]

It appears necessary to again state the position of American Israelites on the anti-Grant question.

Politicians who are thoroughly indifferent to any other interest besides their own personal profit are striving to embroil the Hebrews as a body in the approaching campaign by dwelling upon the wrong done them by one of the candidates for the Presidency in his General Order, "expelling Jews as a class from the Department of Tennessee." We do not suppose his Order has been forgotten, and it is certainly probable that many Israelites will on this account vote against Grant for the Presidency.

But no sensible Jews are taking part in the public meeting called at St. Louis to oppose Grant. They would only be the tools of designing politicians who have no love for the Union, and who seek to create a sentiment in favor of principles and men antagonistic to the true interests of all good citizens. If Hebrew members of the Republican party decline to support its candidate they will certainly do so on their individual account and need no pressure. They will not identify themselves *as Jews* with any partisan movement. Judaism has nothing in common with partisan politics. Each Synagogue is like each Church, by no means a unit on politics or on science or on society questions. Mr. Beecher may be a good Republican, but there are members of his church who like to hear him preach on every subject except politics. A minister of a Jewish church once preached a political sermon to the surprise and regret of [illegible]

We have personally our own politics, but we cannot force our views upon our readers, save in this way, to confirm them in their resolute determination to talk and work and vote in politics as they please without reference to religious predilections, and without regard to the pressure of partisan leaders, and for them to urge them to give no countenance to any movement calculated to involve the Hebrews as a body in any political contest. There is *no* religious issue. If Israel[illegible] are disinclined to support a candidate like *Grant*, they exercise their suffrages as American citizens and not as Hebrews.

We ask our brethren of the press to take cognizance of this platform, which represents the sentiments of the better class of Israelites without distinction of party.

[SPECIAL DISPATCH TO THE OREGONIAN.]

Oregon Legislature.

SALEM, Oct. 15.—Gurley's railroad memorial came up in the Senate this forenoon on final reading. [illegible] moved to recommit to a Select Committee. He said that he was not hostile to the memorial but wished to hold it till he knew the fate of the House joint memorial No. 1 (Chapman's railroad memorial). Herman thought this unfair that so important a measure should be consigned up in the same [illegible] defeat of another proposition. [illegible] motion to recommit prevailed.

A long and exciting parliamentary struggle occurred upon the bill to amend the act creating officers for and to regulate the penitentiary. In the course of the discussion some sharp words passed between Hendershott and Herman. The bill was finally referred to the Committee on Federal Relations with instructions to report at half past two P. M.

In the afternoon the Senate passed the following bills: [illegible] report [illegible] of the Criminal Code to regulate salaries of the county judges (which leaves Multnomah unchanged); to punish gambling and to prevent certain places of amusement from being kept open on Sunday.

In the House the memorial for aid to build a railroad from [illegible] to Yaquina was adopted.

Crooks introduced a bill to amend the school laws [illegible] formation of school districts in [illegible] contiguous counties. [illegible] also introduced a bill to dispose of certain [illegible] lands. A resolution was [illegible] Committee [illegible] conferring with Dr. [illegible] in relation to making geological survey of the State. A resolution was adopted tendering the Hall to Dr. [illegible] to lecture on the mineral resources of the State.

A bill to enlarge the corporate limits of Salem was passed.

SALEM, Oct. 15, 8 P. M.—Both houses are holding an evening session. The Senate is now engaged on the bill to repeal an act granting State aid to the Oregon Central Railroad, and a bill to make the office of Superintendent of the penitentiary elective by the Legislature.

The House is engaged on the Senate joint resolution to withdraw the assent of the State to the 14th amendment.

CITY CHARTER AMENDMENTS.—We have [illegible] expressed to us in the last few days in regard [illegible] the amendments to the city charter, which have been [illegible] in the Legislature. However, [illegible] regard to the clause of the [illegible] making all the city officers elective by the [illegible] not seem to meet with a great deal of favor, many [illegible] lieving that such a provision would be [illegible] greater inducement to a class of men who are [illegible] in their pursuit of office, and who by the aid of [illegible] rupt means would by the influence of the rabble [illegible] whelm the will of a majority of the better portion of the community and place the city government in bad hands. Any one can see that to allow a class of men who [illegible] ways to be found in large cities and who have no [illegible] rial interest in the prosperity of the city [illegible] [illegible] license to open wide the [illegible] gates of vice of all kinds to have control of [illegible] which are now left to the Board of Council, who [illegible] at least supposed to be selected on [illegible] knowledge of the public interests, would not be a [illegible] policy but one calculated to [illegible] our city [illegible] now too often much more unpleasant.

THE MEETING LAST NIGHT.—About half past [illegible] o'clock last night the cannon planted on the east bank of the Willamette commenced belching forth the [illegible] triumph over the late news so cheering to Union men and so disheartening to D[illegible] time great bonfires were lit in different parts of the city, on the streets leading to the Court [illegible] bands began playing patriotic airs at the corner of Front and Washington streets; a large crowd [illegible] and following the music proceeded to the Court-house, filling the spacious Circuit Court room to its [illegible] capacity. Brilliant sky rockets all the time [illegible] ward from various points along the route of the procession. Speeches were made by Senator Williams, [illegible] Weldy and Caples. The entire [illegible] the last speaker closed his remarks, and [illegible] [illegible] of the speeches by frequent and [illegible] applause. AFFRAY.—A serious affray occurred on [illegible] street last evening, about half past nine o'clock, between Mr. Bacon and Mr. Wells in which the latter was struck upon the head, and at first it was thought very badly hurt, but at a late hour we learned that the injuries were not so [illegible] as was at first supposed. The affair grew out of a dispute in regard to the races at the White House yesterday, allegations of foul driving having been made and denied. No arrests were made, and we do not know who was at fault.

THE DRUNKARD.—This beautiful play drew a good house last night, notwithstanding the great excitement of the political meeting. To say that it was rendered [illegible] good style is no more than can be said of every [illegible] taken by the thoroughly skillful troupe now playing at Oro Fino Hall. The success attending the [illegible] of this drama has induced the managers to [illegible] evening. It should be witnessed by everybody.

Amendments.—We have heard many [illegible] in the last few days in regard to [illegible] to the city charter, which have been introduced in the Oregon Legislature. However, the general [illegible] in regard to the clause of the amendment [illegible] city officers elective by the people, does [illegible] meet with a great deal of favor, many believing such a provision would be throwing out a [illegible] to a class of men who are unscrupulous [illegible] of office, and who by the use of corruption [illegible], by the influence of the rabble over a majority of the better portion of the [illegible] and place the city government in bad hands. [illegible] that to allow a class of men who are always in large cities and who have no material [illegible] prosperity of the place, and no desire [illegible] unbridled license to open wide the flood[illegible] of all kinds, to have control of those matters [illegible] to the Board of Councilmen, who are [illegible] to be selected on account of their public interests, would not be a good [illegible] to render our city elections, [illegible] much more unpleasant.

Last Night.—About half past seven [illegible] the cannon planted on the east bank [illegible] commenced booming forth the notes of the late news so cheering to Union men, [illegible]. About the same [illegible] were lit in different parts of the city [illegible] to the Court-house, while the [illegible] patriotic airs at the corner of Front [illegible]; a large crowd soon assembled [illegible] music, proceeded to the Court-house, [illegible] Court room to its utmost capacity [illegible] rockets all the time shooting up [illegible] along the route of the procession [illegible] were made by Senator Williams, Messrs. From the Army Hospital, the bloody battle-field; the mansion of the rich and the humble abode of the poor—from the office and the sacred desk; from the mountain top, distant valley and far-off islands of the ocean—from every nook and corner of the civilized world, is pouring in the evidence of the astonishing effects of Drake's Plantation Bitters. Thousands upon thousands of letters like the following may be seen at our office:

Mr. Zachariah Wilson, Portland, Oregon, writes:

"It requires an article of real merit and intrinsic value to sustain itself during the stormy ordeal of public experiments. Murray's Improved Magic Oil has stood the test of time and has not been found wanting. The astonishing efficacy that I experienced—its curing me of Chronic Rheumatism and Lumbago, of long standing entitles Dr. Murray's Premium Lung and Liver Balsam and Improved Magic Oil to a high rank in the list of remedies for Rheumatism, Lumbago, Ear-ache, Distressing Pains etc."

John English of Howell Prairie, Marion county, Oregon writes:

"I was taken with a severe attack of Rheumatism in my knee joints and extremities accompanied with a severe cough for two months so that I had to use crutches, meanwhile trying all remedies in common use. Your Magic Oil and Balsam gave me instant relief, and I was able to walk in four days without crutches. I have not felt any rheumatism since. I have seen your family medicines used with excellent success. I have no hesitancy in saying it is the best preparation for family use ever tried for those complaints. I am now on my way to South America after residing in Oregon twenty years. I must now have two dozens Balsam and two dozens of your Magic Oil, dollar bottles, as I am sure they are the best remedies in Oregon, and I would not be without them in my house, and when this package of medicine is exhausted I will send to your office in Portland for a fresh supply. Use none but the Best.—Thousands of worthless preparations are scattered broadcast over the land purporting to be SPECIFICS for Consumption. Some may possess a little merit, but when it is known beyond the possibility of successful contradiction, that NEWELL'S PULMONARY SYRUP has accomplished all that is claimed for it, as a remedy for ALL affections of the CHEST and LUNGS, it seems little short of crime to neglect for persons requiring such a remedy, to waste the "golden moment" in experimenting with any other. It is equally applicable in all cases young or old.

For the Bath.—Redington & Co's. G. VENARD, CHARTRES COFFEE!

Manufactory Established in June, 1851.

STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

The Indian Troubles

LETTER FROM GENERAL SHERMAN

The Cheyenne *Star* publishes the following interesting letter from General Sherman:

H[illegible] Cheyenne Wyoming

DEAR SIR: In my hurried departure from Fort Sedgwick I was unable to stop long enough to see you and talk over matters. I was a member of the Peace Commission, [illegible] with its members but differed with [illegible] others and yet by an executive order was required to conform my military action to its decisions. There were some members [illegible] civilians and others army officers. We naturally regarded the questions which arose, from our respective standpoints, but in our conclusions were generally of one opinion.

"From the very origin of our government the Indians have been held to possess a certain title to the lands held by them, for the surrender of which the general government has always treated and made compensation. We found the Cheyennes, Arapahoes, Kiowas and Sioux in possession of the plains traversed by our great highways, and we proceeded to treat with them all in detail, and made with them treaties by which they agreed to surrender to us substantially the vast region between the [illegible] Nebraska, Kansas, Colorado and Wyoming, and to remove and permanently [illegible] reservations north and south described in my General Orders No. [illegible]. To accomplish this removal Congress has placed in my hands certain moneys which I shall disburse for that sole purpose, and when Indians have failed to act in good faith they shall receive nothing from me. All Indians are lawfully under the control of the Interior Department, by and through civilian agents, but that department is extremely jealous of any interference by the military, so that our officers and soldiers have no right to anticipate Indian hostilities, but can only act against Indians after the commission of hostile acts. In all the treaties by the Indian Peace Commissions was a clause of doubtful wisdom, viz: leaving the [illegible] Indians the right to hunt buffaloes as long as they lasted outside of their reservations. Without this condition, it was contended, no peace could be concluded, and though the members varied in opinion, this concession was made by a decided majority, and tried on as long as the Indians maintained peace. But as they have broken the peace I have ordered the military to renew their efforts to remove to their proper reservations all Indians who have not been drawn into war, and to kill, destroy and capture all who have been concerned in the recent acts of hostility. Nearly all the people on the plains, even the Governors of the States and Territories, who ought to know better, seem to have an idea that I had a right to make war and peace at pleasure, a right to call out volunteers and pay them, and to do more in this connection than any monarch of a constitutional kingdom. I possess none of these powers. The regular army is provided by Congress and but a small portion of it is assigned to my command. With this small force I am required to protect the two railroads, the Missouri river, the various stage routes amounting in the aggregate to over eight thousand miles of traveled road, besides the incidental protection of tens of thousands of miles of frontier settlements. Each of these settlements exaggerates its own importance and appeals for help, from Minnesota to Arkansas and from Montana to New Mexico. Were I to grant ten men where a hundred are called for, our little army would be so scattered as to be of little or no use. With this small force, in the last two years, I have done as much as any reasonable man could hope for, and if any man be incredulous, let him enlist in my company, and he will soon find out if he don't earn his pay.

"As to the frontier settlements, I have again and again warned the Governors and the people, that until this Indian matter was finally concluded their people should not spread out so much. Their isolated farms, with horses and cattle, are too tempting to hungry and savage bands of Indians. If, however, they will not be restrained by motives of prudence, the people should, as they used to do in Ohio, Kentucky, Iowa and Missouri, make their settlements in groups, with block houses and a sod fort, so that when the savage comes they may rally and defend themselves and their stock. It is a physical impossibility for the small army we all know kind Congress maintains, with yearly threats of further reductions, to guard the exposed settlements of Kansas, Nebraska, Dakota, Montana, Wyoming, Colorado and New Mexico. These States and Territories must, by organizing their people into a sort of militia, be prepared to defend their exposed settlements, and to follow up and destroy the bands of marauding Indians and horse thieves, both red and white, that now infest them, and carry on a profitable business.

"The army cannot do it, any more than we can catch all the pickpockets and thieves in our cities. Clamor on this subject against me, or General Augur, or General Sheridan, is simple folly. We do our duty according to our means, and account to our superiors and not to the people who neglect our advice and counsel.

"If you think this will be of service to the border people, I have no objection to its use.

Yours truly,

W. T. SHERMAN, Lieut Gen'

BRIGHAM ON THE RAMPAGE.—It is not often of late that Brigham Young goes on the rampage, but in his "Sermon," delivered in the Salt Lake Tabernacle, he thus egotizes and anathematizes:

"But hold on, were we driven into the mountains here for polygamy? Were we driven from York State to Ohio and persecuted and hated for polygamy? No. Was Joseph Smith persecuted and driven from Pennsylvania to York State, and from York State to Pennsylvania with writ after writ for polygamy? No, no such thing was ever thought of. When we were driven from Jackson into Clay, Caldwell and Davis and other counties, and from there out of the State by the mob, was it for polygamy? By no means. When we were driven from Nauvoo, after having made it like the Garden of Eden, was it because polygamy was offensive to the people? No, they knew nothing of it. Why was it that we were thus compelled to leave State after State, and ultimately the United States? 'Because you are Mormons and we hate you.' We know the root and foundation of this hatred. It comes from the pulpit, from corrupt priests. Say they 'These people possess a union and a power that we do not possess, and if we let them alone, they will come and take away our place and nation and we shall lose our fat livings.' There is where it originated, with priests and deacons, with hounds professing to be Christians, but who are no better than the devils in hell. From the pulpit it has spread into political society, and they all hate us. Why? Because the priesthood of the Son of God is among this people, and they know that if we are let alone, we shall convert the world and bring it into subjection to the law of Christ. The devil says 'I have had power over the earth for six thousand years, and do you think I am going to loose my grasp upon it? No, I will hold it,' and before ever the Latterday Saints obtain one foot of inheritance upon it they will have to contest it inch by inch. But we will contend with him until we gain power and influence sufficient to convert the world."

In the Hartford *Post* we find this notice of 'Brick' Pomeroy, from the pen of George Alfred Townsend: Among the special defenders of Jackson is 'Brick' Pomeroy, a desperado like whom no man has touched the press since Guttenberg. This fellow got the 'spoon' story to tell of Butler out of his own experience. A Democratic editor at Lock Haven, Pennsylvania, told me that Pomeroy's table was set with silver stolen by him from a Southern farm house.

The New York [illegible] truthfully says: The Seymour party [illegible] with [illegible] [illegible] against the [illegible] [illegible] [illegible] [illegible] the Democracy.

A Seymour and Blair Club [illegible] S [illegible] has a white man for President and two Vice Presidents who are both negroes. 'Down with negro equality' is evidently no longer a cardinal feature with the Democracy.

TO THE ENTERPRISING

Farmers of Oregon!

CASTONS'S X-L-SIOR

BROAD-CAST GRAIN-SOWER.

THIS VALUABLE LABOR SAVING MACHINE which has already been adopted in nearly every Agricultural country in the State of California and in every county where it has been practiced, has been brought to Portland by

MR. JAMES BRUSIE,

who holds the exclusive right to the same for the State of Oregon, and is now ready to accommodate the farmers of this State with machines, and to sell county rights to manufacture the same.

This machine saves the entire cost and labor of sowing a field excepting the cost of a machine—the same team being used for sowing and harrowing as is used for harrowing alone, the farmer or his boy riding and driving the team, instead of walking and carrying his heavy sack and then walking and dragging his grain.

The inventor of this valuable aid to farmers is a man of large experience in seeding machines, and has happily succeeded in this invention in producing a machine which while it carries the farmer as if on a sulky, sows wheat, barley, oats and peas with greater regularity than the same can be sown by hand, and at the same time the harrow attached to it, immediately behind, covers the grain and the labor is done. Any intelligent farmer who has ever carried a sack and sowed grain will readily see that the X-L-SIOR Grain Sower will save its entire cost in labor alone—to say nothing of its saving in seed—in sowing comparatively but few acres, and we have placed an improper estimate upon the enterprise of our Oregon farmers if this machine is not generally adopted in this State as it has already been in California and where the farmers write to the inventors respecting it after this manner:

LINCOLN, (Placer Co.) Sept. 6, 68

MR. H. A. GASTON—*Dear Sir*: I have two complete machines (X-L-SIOR) which I challenge the State to beat for sowing grain. I have not as many fingers in the shaft as you directed, but *I do not want my machines to sow any better than they do. I have sowed a [illegible] them perfectly.* T. C. [illegible]

By addressing or calling upon Mr. Brusie at [illegible] corner of Front and Morrison streets, in this city, machines or County Rights to manufacture and sell the machines can be purchased at reasonable rates.

EXTINGUISHER

PORTABLE

SELF ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages to be derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale, and its rapid and uncontrolled increase is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable, and as easily handled as a bucket of water.

It possesses within itself the power of a force pump and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphtaline and similar inflammable materials now in common use.

PRICE—No 1 $50, No 2 $55, No 3, $60.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary.

616 KEARNEY STREET NEAR COMMERCIAL San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases [illegible] years standing and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of early indulgences, or from vices absorbed into the system. Look at their pallid emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. [illegible] and situation [illegible] doomed to suffer until death. I see the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible diseases—young ladies—see that they are saved from a [illegible] fire to the tomb. Send them immediately to Dr. Gibbon, a physician who has made private diseases his special study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted [illegible] [illegible] [illegible] [illegible] [illegible] welfare of their friends [illegible] [illegible] [illegible] tender doctors who [illegible] publishing their skill in curing all diseases in a few days [illegible] [illegible] the public by using the names of eminent [illegible] [illegible] [illegible] Before forming any [illegible] strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emission [illegible] the [illegible] of self abuse. This solitary vice or [illegible] sexual indulgence is practiced by the youth of both sexes to an almost illimitable extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves at night, [illegible] [illegible] about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he has cured [illegible] complaint by other of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded free from damage and curiosity to any part of the country, with full and plain directions for use, [illegible] Dollars sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who with bogus sworn to certificates dupe the unwary. Some of these illiterate [illegible] whose names are to be found in the daily and weekly newspapers of San Francisco and other places are [illegible] and [illegible] too lazy to work at their trades. Some are [illegible] shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it; but you will find their former occupation in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry. It will cost you nothing and may save you many regrets, for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

*** *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.*

The above rules, est[illegible] by Dr. J. C. Young in 18[illegible], and which have done so [illegible] to secure the reputation of the Institute, are still adhered to, affording those in [illegible] medical aid, the cert[illegible] cure and the utmost conf[illegible]

There is nothing of so [illegible] importance to the sick [illegible] know where to find a phy[illegible] cian whose skill and k[illegible] give assurance of prop[illegible] delicate treatment. The Doctor would respectfully [illegible] attention of those of [illegible] who are suffering or in [illegible] to the invariable su[illegible] has marked the career [illegible] Institute in the seven[illegible] of its existence.

It is unnecessary in [illegible] nection to enumerate [illegible] complaints treated at the In[illegible] stitute, but the Doctor fe[illegible] his duty to call especi[illegible] tion to that terrible an[illegible] SEMINAL WEAKNESS That is sapping with [illegible] sidiousness the very life [illegible] victims; in the treat[illegible] cure of which the Insti[illegible] earned so enviable a [illegible] tion.

READ! READ!

I am aware that by dwelling upon [illegible] ject as the decay of manly vigor through [illegible] vital principle of life, the ignorant may [illegible] tive, but the desire to point out to those [illegible] guish and decay the true cause of [illegible] great an incentive to be forced into [illegible] terded the terrible disease of Sem[illegible] one but the practical specialist who [illegible] treatment can tell, but its presence [illegible] the most inexperienced by noting the [illegible] t ms. Weakness of the back and [illegible] feelings, loss of muscular power, [illegible] cold feet or hands, accompanied by hot [illegible] of consumption, short breath, flushings [illegible] sion to society, confusion of the [illegible] nightly emissions, colorless, slight [illegible] least excitement, trembling, palpitation [illegible] regular appetite, variable temper, etc.

YOUNG MAN, if you experience any [illegible] symptoms enumerated above, pause [illegible] present is the golden moment in which [illegible] health and happiness. You may feel [illegible] you have ever practiced the vice of [illegible] SLIGHTEST DEGREE, you have the seeds of [illegible] system, and their undermining [illegible] or later dash the fair edifice of your [illegible] ground, leaving you a helpless, abject [illegible] disease that declares itself at once. The [illegible] est danger, for while the patient is [illegible] affection of the Heart, Lungs, Brain, or [illegible] tions, he sinks into a general debility that [illegible] to the list of the victims of the terrible [illegible] Weakness.

Seen in the latent form and languishing [illegible] victim of the fascinating vice? Mark the [illegible] destructive complaint in the hollow cheek [illegible]

Drowsiness is one of the premonitory [illegible] first it is easily shaken off, but it grows [illegible] great disinclination to pursue his regular [illegible] mind becomes apprehensive, and [illegible] days of depression.

It is the nature of the complaint to [illegible] changes that leave the poor victim but little [illegible] every. In a single instant it may [illegible] hopes and blast your honest aspirations.

Marriage is sought by a natural im[illegible] lief. This is an error of the first magnitude [illegible] tem unprepared for the exigencies of the [illegible] denly fails, and he finds himself in a [illegible] from which there is but the slightest hope [illegible] Or, if the marriage should result in [illegible] ny distorted, decrepit and degenerate [illegible] ills to both sexes, whether married or [illegible] times of life.

Do not delay if you feel any of the sy[illegible] rible complaint, or if your acts have been [illegible] to them, but by instant application [illegible] only hope of health and happiness. The [illegible] mercury or other deleterious drugs—cures [illegible] time always guaranteed, and full and [illegible] stored.

The Doctor's effort has been in recent cases, [illegible] and finds in difficulty in curing, those of long [illegible] without [illegible] submitting the patient to such treatment [illegible] draw upon him the slightest suspicion or [illegible] neglect his business, whether [illegible] doors or [illegible] diet need be changed.
